

2019 Jay Armstrong Award for Outstanding Dragon Alumni

Brian Hodges

The son of Dragons, Brian graduated from Carroll in 1979 and left Southlake to further his education and begin his career. Brian & his family returned in 2011, just in time for his youngest daughter, Emily, to follow in the family footsteps and begin her high school journey as a Dragon. Brian's love and enthusiasm of all things Carroll, especially its commitment to excellence and integrity, is the core of who he is. He has always been known for his big heart, his generosity, and a deep devotion to the Dragon community at large. Brian is a strong supporter of Dragon Nation and its many organizations, especially alumni. He has served on the Carroll Education Foundation and is most proud of being a charter member of The Tradition: The Dragon Alumni Network. He is a living legacy of the early traditions and foundations of Carroll and shows us all what it truly means to be a Dragon.
