

2020 Phil Barber Award for Outstanding Community Patron

Jr Murdock

Jr Murdock arrived in Southlake 34 years ago with his wife, Rhonda, and their two sons, Mark & Brandon, and has been strong supporter of Dragon Nation ever since. Both boys attended Carroll K-12. He has always been available and first in line to lend a hand any time any of our coaches or students needed someone to pitch in and help out. He has always been a driving force behind the scenes. Over the years he has supported baseball, basketball, softball, soccer & football. You may not have known his name, but you could always recognize his smile, his unmistakable green & white umbrella hat and famous chant at football games, "CHS!" Whether it was behind the plate umpiring girls' softball games or running up and down the football fields running chains for over 25 years, he has never refused a request from our Dragon staff or booster clubs. He volunteered to paint yard lines every week at Old Dragon Stadium as well as film middle school and JV games. He coordinated Carroll Athletic Banquets to honor

our athletes. He served the Carroll Athletic Booster Club in several roles including Merchandise Chairman, Membership Chairman & President for more than a decade and he's a long time member of our esteemed Dragon Council. He has volunteered his time and talents in countless ways through the years and has always exhibited the core values of a Dragon. He has an unwavering dedication to Dragon Nation and we all feel the impact of his efforts and his legacy every day.
