

2018 Jay Armstrong Award for Outstanding Dragon Alumni

Mike Lafavers

Mike Lafavers graduated from Carroll in 1978. He ventured out into the world only to find his true calling back in Southlake running the day to day operations in his family owned Feedstore BBQ. Just as it was in his high school days when he was voted "Most Friendly" & "Class Favorite," he can usually be found engaging in conversation in the dining room with regulars as well as out of town guests all while keeping things rolling like clockwork behind the scenes. Always willing to support Carroll ISD and its many organizations, his generosity is both professional and personal. He embodies the commitment to excellence that is the core of what it means to be a Dragon. His dedication to community and big heartedness has endeared him to more than one generation of Dragons. He may have a no frills,

quiet demeanor but never doubt that beneath it all beats the heart of a Dragon.
