

**2019 Phil Barber Award for Outstanding  
Community Patron  
Peggy Foster**

Peggy first moved to this area in 1929 when her parents took over the Masonic Orphanage for Boys. Her father was a coach and she grew up going to all the sporting events. This is when her love of all sports was born. She went to SMU and got a degree in education and began teaching in Odessa, where she met and married her husband, Herman, who was a coach. Over the years, they raised a sports loving family. They moved to Southlake in 2009 to be closer to family, and to watch one of their grandsons play Dragon football. Peggy enjoys all sports and is just as likely to be cheering at a baseball or basketball game, too! Though Herman passed away in 2016, Peggy has continued to support her beloved Dragons, affectionately referring to all of them as “her kids.” Everyone can tell when Ms. Peggy is in the stands before they ever hear her cheering voice...you can hear her Dragon cowbell a mile away!
